BAL SABHA ACTIVITY **(My Colorful World)**

DATE :24-09-18

CLASS :Pre-Primary-II

VENUE :School Campus

NATURE : Individual

Brief about the Activity : -

It's always fun to help and be with our green friends as they help to keep our environment clean. The Pre-primary II kids had real fun time on their visit to the school garden. The walk in the colorful world broadened their knowledge. They were told about how we all inhale Oxygen and exhale Carbon-di-oxide while, plants, inhale Carbon – di-oxide and exhale Oxygen. The children were shown the difference between a tree and a plant and the different types of plants. They were made to feel the texture, color and observe the varying shapes of different leaves. Soon they were asked to be silent and put their ears to, carefully listen to the sounds around them. They promptly came up " car, helicopter, bike, birds", etc. They were told that we should never throw trash on the ground as it makes for an unclean and unhygienic place. The children thoroughly enjoyed the open- air outing in the lap of green and colorful world. After visit children were given chance to show and speak on different types of leaves and flowers in the classroom. All enjoyed and learnt a lot through this activity.

Learning outcome :

- i) Our children came to know about different shapes and differentiate objects based on their size.
- ii) To develop language, literacy, creative-thinking, and social skills.
- iii) To learn about opposites like dry – wet, hard – soft etc.

Teacher In- Charge :Ms. Anju

Bal Sabha Coordinator : Ms. Anju

Activity Co-Ordinator :Ms. Kapila
