**REPORT ON GOOGLE CLASSROOM**  
**CLASS: PRE-SCHOOL**  
**(TEACHER: Ms JYOTI SUHAG)**  
**DATE FROM 27<sup>th</sup> July, 2020 TO 31<sup>st</sup> July, 2020**

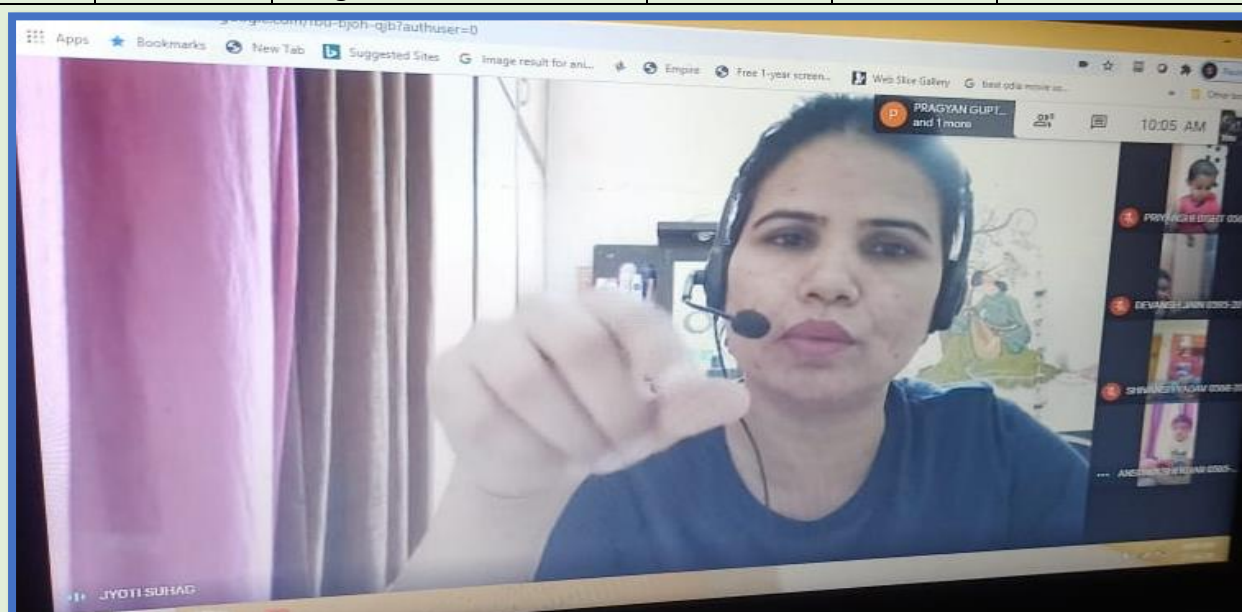

Google classrooms have proved to be very effective for online teaching. The online classes received well response from parents and students. Both teachers and students learnt many new things about the usage of technology that made teaching and learning process more enjoyable.

# ONLINE CLASS RECORD

# Parents' Feedback

I am vidit's no nee .Mam  
I am very much satisfied  
to Anju mam BBPS Jharli.  
My son is very delightful  
and wonderful experience  
with your teaching.  
Your communication  
is different and I am  
also satisfied by seeing  
improvement and  
remarkable confident  
in my child's overall  
personality speaking  
skills. Your method of  
conveying story like द द  
दामोदर and story of J and  
g and using of tracing tray  
is different. Thanks mam

Syllabus for the fifth week of July month is being covered and is on the right pace due to the onset of online classes through google platform. Students had first-hand experience of the online learning where they came face to face with their entire class. Their joy knew no boundaries when they saw their peer group, their friends and their teacher.

The worksheets, PPTs and videos created and shared with the students to enhance their learning. Several audio clips of stories and rhymes were shared to enhance the listening skills of the students.

# World Nature Conservation Day

## 28.07.2020

Circular/BBPS-IH/28/07/2020

Dear Parents,

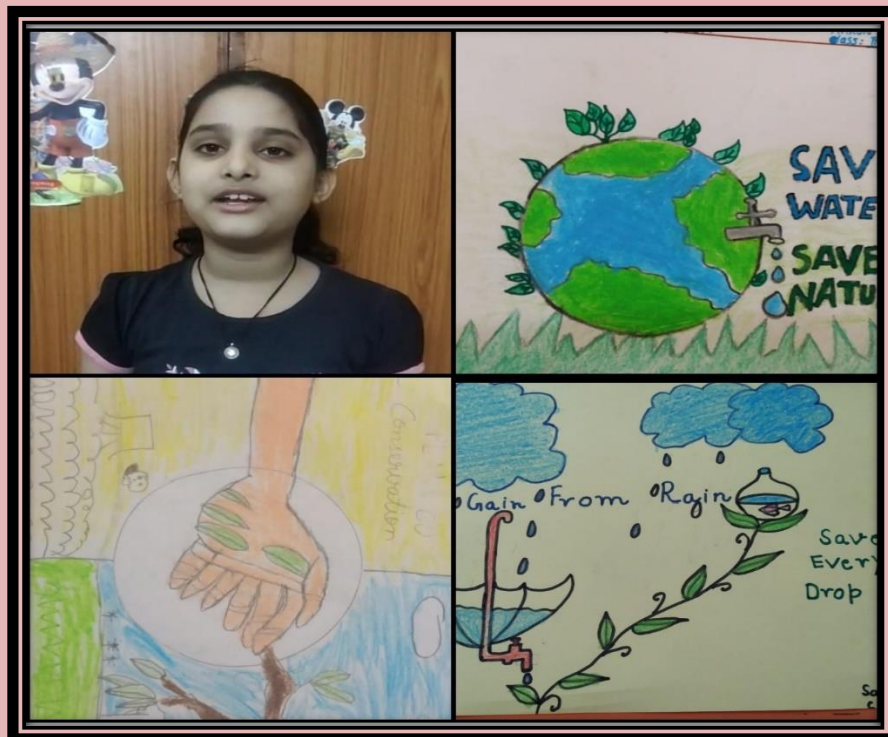

The World Nature Conservation Day is celebrated every year on 28<sup>th</sup> July around the world to increase the awareness about protecting the natural resources and to make people understand about the importance of conservation of nature. Our school Bal Bharati Public School, Jagji is also going to celebrate this day in order to sensitise the students about the issues affecting our nature as well as to encourage and motivate them to conserve our nature. The details of the activities to be conducted are as follows:-

| Class     | Activity  | Instructions for the activities  |
|-----------|---|--|
| PP-I      | Slogan Writing & Speaking/Free Recitation/Free Plantation | 1. Choose any topic: Water/Earth/Plants/Nature Conservation.<br>2. Time duration: 1 minute.<br>3. Take picture while planting tree.        |
| I to II   | Poster Making/ Poem Recitation /Free Plantation           | 1. Choose any topic: Water/Earth/Plants/Nature Conservation.<br>2. Time duration: 1 minute.<br>3. Take picture while planting tree.        |
| III to IV | Poster Making or Speech                                   | 1. Choose any topic: Water/Earth/Plants/Nature Conservation.<br>2. Duration of the speech: 1 minute  |
| V to VI   | PPT Making or Speech                                      | 1. Choose any topic: Water/Earth/Plants/Nature Conservation<br>2. PPT Making: 5 to 10 slides<br>3. Duration of the speech: 3 to 2 minutes. |

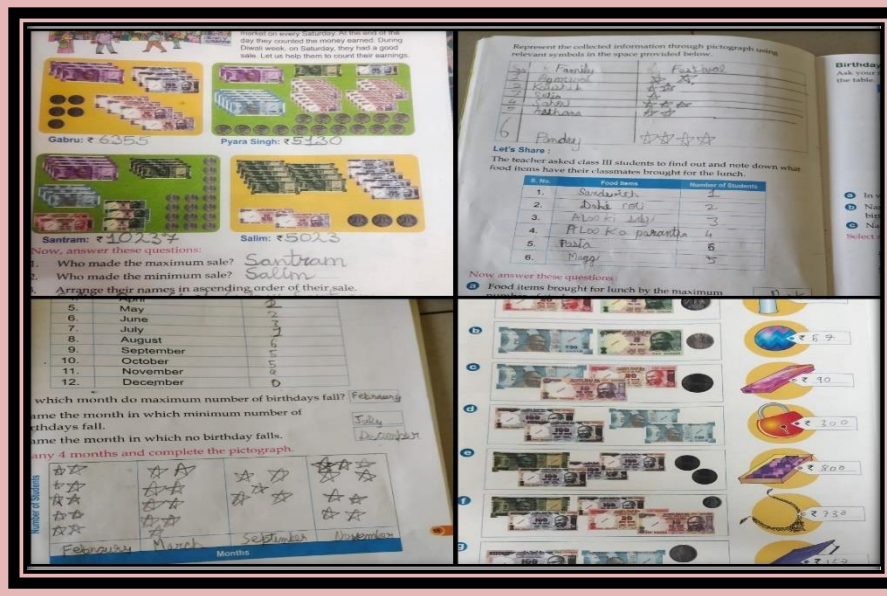

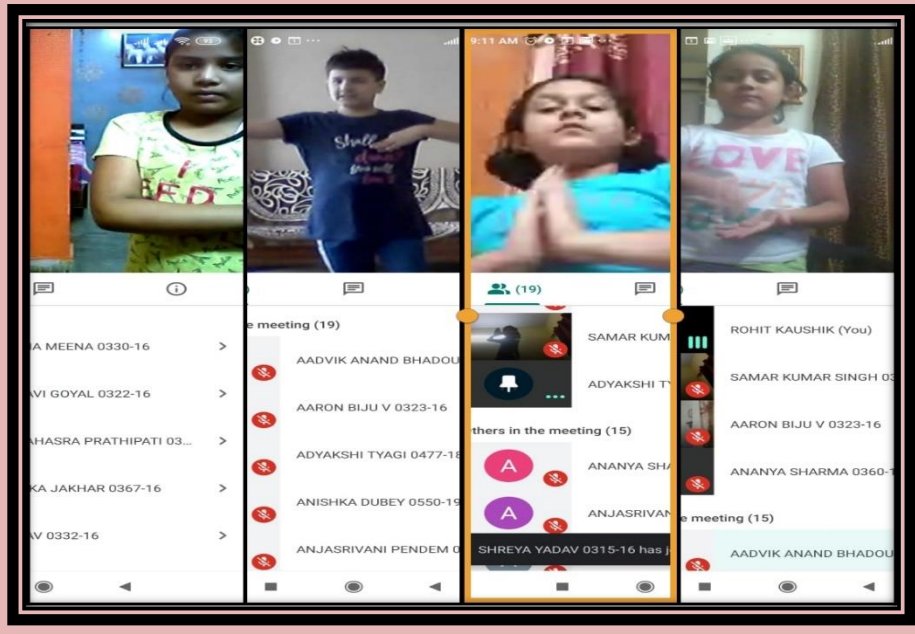

**Note:** All the videos, pictures and any written material with details (Name & Class) should be sent on email id of your class Teacher latest by 24/07/2020 03 Epm.

Circular/BBPS-IH/26/07/2020

Dear Parents,

The World Nature Conservation Day is celebrated every year on 28<sup>th</sup> July around the world to increase the awareness about protecting the natural resources and to make people understand about the importance of conservation of nature. Our school Bal Bharati Public School, Bhubaneswar is also going to celebrate this day in order to sensitize the students about the issues affecting our nature as well as to encourage and motivate them to conserve our nature. The details of the activities to be conducted are as follows:-

| Class    | Activity  | Instructions for the activities   |
|----------|---|---|
| PP-I     | Slogan Writing & Speaking/Poem                  | 1. Choose any topic: Water/Earth/Plants/Nature Conservation.<br>2. Time duration: 1 minute.   |
| PP-II    | Recitation/Tree Plantation                      | 3. Take picture while planting tree.  |
| I to II  | Poster Making/ Poem Recitation /Tree Plantation | 1. Choose any topic: Water/Earth/Plants/Nature Conservation.<br>2. Time duration: 1 minute.<br>3. Take picture while planting tree.       |
| III to V | Poster Making or Speech                         | 1. Choose any topic: Water/Earth/Plants/Nature Conservation.<br>2. Duration of the speech: 1 minute                                       |
| VI to X  | PPT Making or Speech                            | 1. Choose any topic: Water/Earth/Plants/Nature Conservation<br>2. PPT Making: 5 to 10 slides<br>3. Duration of the speech: 1 to 2 minutes |

Note: All the videos, pictures and any written material with details [Name & Class] should be sent on email id of your class Teacher latest by 31/07/2020 till 6pm.

Ms. Kalpana and Mr. Kuljit Singh  
Teacher Incharge

Mr. Anil Kumar Garg  
Principal

## EVIDENCE OF ONLINE CLASS

# EVIDENCE OF GOOGLE CLASSROOM

The screenshot displays the Google Classroom interface for a class named 'CLASS IV A'. The 'Classwork' tab is active, showing a list of assignments and their due dates. The interface includes a 'Create' button, 'Google Calendar', and 'Class Drive folder' options. The assignments are listed in a table-like format with icons representing the subject or type of work.

| Assignment                               | Posted        |
|--|---------------|
| Patriotic song vande mataram             | Posted Jul 28 |
| Ch-4. The Western Desert                 | Posted Jul 27 |
| Prayer song Tu hi Ram hai                | Posted Jul 22 |
| Prayer song Tu hi Ram hai                | Posted Jul 18 |
| Introduction of Multiples and Factors. 2 | Posted Jul 9  |
| Division 3                               | Posted Jul 8  |
| Revision of taal Dadra and its dugun.    | Posted Jul 8  |
| Today's Mathematics HW                   | Posted Jul 6  |
| Data Handling 2                          | Posted Jul 2  |

The second screenshot shows a detailed view of the 'English : Pronouns' assignment, which includes an 'English grammar' document posted on Jul 28. Below it, the 'Maths : Fractions' section lists three assignments: 'Like & Unlike Fractions.' (Posted Jul 30), 'Equivalent Fractions.' (Posted Jul 29), and 'Introduction of Fractions' (Posted Jul 27). At the bottom, the 'पाठ - 4 फूलों का नगर (अभ्यास कार्य)' assignment is shown, due on Jul 24.

Our school has celebrated "Nature Conservation Day" on 28 July 2020. Students participated energetically and showed creativeness by PPT making.

## "CONSERVATION"

*Conservation is the process to conserve which means to protect the things for further use in a managed time frame*

## CONSERVE WATER

The majority of household water use comes from toilets, washing machines, showers, baths, faucets and leaks, but what you can do to save water is fairly simple. These 10 water-saving tips will put you on the path to conserving water in your household.

- 1) Put a brick in your toilet's water tank. You flush an average of 20 gallons of water a day down the toilet. If you don't have a high-efficiency toilet, try filling your tank with something that will displace some of that water, such as a brick.
- 2) Use the right amount of water for each load of laundry. Typically 15-40 percent of indoor home water use comes from doing laundry. Save water by making sure to adjust the settings on your machine to the proper load size.
- 3) Pick your washing machine wisely. When considering top-load vs. front-load washers, front-loading washing machines generally use less water.
- 4) Water plants wisely. Water your lawn or garden early in the morning or late in the evening, so the water lasts and is not immediately evaporated by the hot sun.
- 5) Install a low-flow showerhead. With a low-flow showerhead, you can save 15 gallons of water during a 10-minute shower.
- 6) Check for and repair leaks. An average of 10,000 gallons of water is wasted every year due to household leaks. One of the most effective ways to cut your water footprint is to repair leaky faucets and toilets.

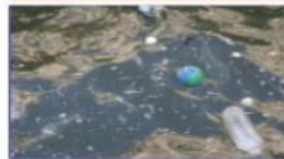

as follows:

- To ensure availability for future generations
- Energy conservation
- Habitat conservation

The key activities to conserve water are as follows:

- Any beneficial reduction in water loss.

Always keep water clean. Never pollute rivers, seas, ponds and all the water bodies.

CLEAN WATER

## EARTH

OUR BEAUTIFUL PLANET EARTH IS THE THIRD PLANET IN THE SOLAR SYSTEM. MOON IS THE NATURAL SATELLITE OF EARTH. AMONGST THE EIGHT PLANETS, EARTH IS THE ONLY PLANET WHERE LIFE EXISTS. IT TAKES 24 HOURS FOR EARTH TO ROTATE AROUND ITSELF AND 365 DAYS TO REVOLVE.

Syllabus for the month of July is being covered and is on the right pace. Online assessment has been started from 11.07.2020 through Google forms for Periodic Test-1(PT-1). Date sheet and Assessment syllabus has been circulated for PT-1 well in advance.

## Club Activity (PPT Making on Water)

### World Nature Conservation Day (28.07.2020)

**CONSERVATION OF WATER**

## Water Conservation

**Water conservation** includes all the policies, strategies and activities to sustainably manage the natural resource of fresh water; to protect the hydrosphere, and to meet the current and future human demand. Population, household size and growth and affluence all affect how much water is used.

### The goals of water conservation efforts include

- ❑ Ensuring the availability of water for future generations where the withdrawal of freshwater from an ecosystem does not exceed its natural replacement rate.
- ❑ Energy conservation as water pumping, delivery and wastewater treatment facilities consume a significant amount of energy. In some regions of the world over 15% of total electricity consumption is devoted to water management.
- ❑ Habitat conservation where minimizing human water usage helps to preserve freshwater habitats for local wildlife and migrating waterfowl, but also water quality does not exceed its natural replacement

### Topic - Water

- From – Abhyanash Singh Chauhan
- Class – 8<sup>th</sup>
- School activity

### What is Water ?

- Water, a substance composed of the chemical elements hydrogen and oxygen and existing in gaseous, liquid, and solid states. It is one of the most plentiful and essential of compounds. A tasteless and odourless liquid at room temperature, it has the important ability to dissolve many other substances.

Circular/BBPS-JH/26/07/2020

Dear Parents,

The World Nature Conservation Day is celebrated every year on 28<sup>th</sup> July around the world to increase the awareness about protecting the natural resources and to make people understand about the importance of conservation of nature. Our school Bal Bharati Public School, Jharli is also going to celebrate this day in order to sensitize the students about the issues affecting our nature as well as to encourage and motivate them to conserve our nature. The details of the activities to be conducted are as follows: -

| Class        | Activity  | Instructions for the activities   |
|--------------|---|---|
| PP-I & PP-II | Slogan Writing & Speaking/Poem Recitation/Tree Plantation | 1. Choose any topic: Water/Earth/Plants/Nature Conservation.<br>2. Time duration: 1 minute.<br>3. Take picture while planting tree.       |
| I to II      | Poster Making/ Poem Recitation /Tree Plantation           | 1. Choose any topic: Water/Earth/Plants/Nature Conservation.<br>2. Time duration: 1 minute.<br>3. Take picture while planting tree.       |
| III to V     | Poster Making or Speech                                   | 1. Choose any topic: Water/Earth/Plants/Nature Conservation.<br>2. Duration of the speech: 1 minute                                       |
| VI to X      | PPT Making or Speech                                      | 1. Choose any topic: Water/Earth/Plants/Nature Conservation<br>2. PPT Making: 5 to 10 slides<br>3. Duration of the speech: 1 to 2 minutes |

Shop wisely.

- Use long-lasting light bulbs.
- Plant a tree.
- Don't send chemicals into our waterways.
- Use Bicycle more.
- Use less Petrol and Diesel

## WORLD NATURE CONSERVATION DAY

It focuses on ecological, evolutionary, economic, social and other consequences of biodiversity and ecosystem management and the mitigations of negative impacts on them. Nature Conservation also strongly encourages papers on ethical, social, socio-economic, legal and policy issues related to the management and use of biodiversity and ecosystems.

## IMPORTANCE OF NATURE CONSERVATION

- It helps in promoting biodiversity for a healthy and functional ecosystem. We humans can also benefit from protecting **wildlife** because a lot of medicines can be derived from the chemicals produced by animals and plants. The **conservation** of their **natural** habitat enriches our planet and keep the **nature's** balance.

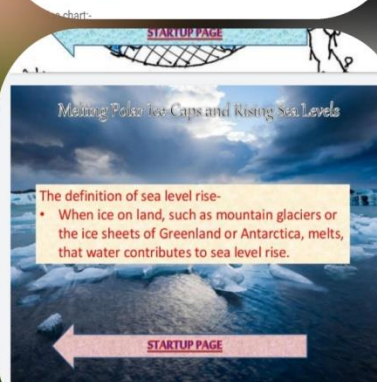

Topic: **Earth**  
Class-9

## About Earth..

Earth is the fifth largest of the planets in the solar system. It's the only planet known to have an atmosphere, containing free oxygen, oceans of water on its surface, and of course, life.

Earth is the third planet from the Sun and the only astronomical object known to harbor life. According to radiometric dating estimation and other evidence, Earth formed over 4.5 billion years ago. Earth's gravity interacts with other objects in space, especially the Sun and the Moon, which is Earth's only natural satellite.

## Earth's size

...ore the well-being of present and future generations we all must participate to protect, conserve, and sustainably manage our natural resources.

## Balancing the natural world

- ◆ To keep the balance in the natural world, we must also help various species to continue to exist.
- ◆ A report from the global conservation organization World Wildlife Foundation suggests that since 1970, the pressure that we exert on the planet has doubled and the resources upon which we depend have declined by 33 percent.
- ◆ Despite the efforts put into conservation by organizations and conservation activists, their work has been undermined by those who have interests.

World Nature Conversation Day - 28/07/2020

Activity- PPT Making

**CONTENT**

**INTRODUCTION**

**SAVING THE NATURAL WORLD**

**THREATS TO NATURE**

**PICTURES**

**Introduction**

World Nature Conservation Day recognizes the importance of the environment as the foundation for a sustainable society and the well-being of present and future generations. We are encouraged to participate to protect, conserve, and sustainably manage our natural resources.

**Saving the natural world**

To maintain a balance in the natural world, we must also help species to continue to exist. According to the global conservation organization World Wildlife Fund, the pressure on the planet has doubled and the resources we depend on have declined by 33 percent. The efforts put into conservation by organizations and activists, their work has been undermined by human interests.

- Also called global warming
- Refers to the rise in average surface temperatures on Earth.
- An overwhelming scientific consensus maintains that **climate change** is due primarily to the human use of fossil fuels, which releases carbon dioxide and other greenhouse gases into the air.

**WHAT IS NATURE CONSERVATION?**

**Why should we conserve natural resources?**

- > As we know that nature needs which are necessary for life, if we go on overexploiting or overusing them, there will be no more resources.
- > So there is an urgent need to conserve nature. Here are some reasons:
- To maintain ecological balance.
- To preserve different types of species.
- To preserve the natural resources for present and future generations.

*Made by : Isheetva*  
*Class : X*

**By our Indian Legislation for Environment**

- > Various laws and acts have been enacted for the protection of various natural resources.
- > Environment Protection Act, 1986.
- > Forest Conservation Act, 1980.
- > Chipko Movement, 1988.
- And many more...
