# Assembly Presentation

## Theme- Responsibility

Compering- Shaifali

Story- Sukriti

About Responsibility- Yash

Ways to be responsible- Shagun

Thought- Parmod

Good Morning dear friends,

Assembly is a time for all of us to be together.

On behalf of class IV and our class teacher Inderpreet ma'am I welcome you all for the morning assembly.

When a man points a finger at someone else, he should remember that four of his fingers point at himself. And that's what I call being responsible.

So today my classmates and I are here to talk about responsibility.

To start our day I call my friend \_\_\_\_\_ for the thought of the day.

Thank you \_\_\_\_\_

A good day's start is incomplete without the news headlines. So here we have \_\_\_\_\_ with the news.

Thank you \_\_\_\_\_

We are talking about being responsible but do we really know what responsibility is. I call my friend \_\_\_\_\_ to tell us about it.

Thank you \_\_\_\_\_

We know a word but words make sentences and sentences make stories so we have \_\_\_\_\_ with a short story on responsibility.

Thank you \_\_\_\_\_

There are many ways in which we can be responsible; I call my friend \_\_\_\_\_ to help us know what we can do for it.

Thank you \_\_\_\_\_

So dear friends find joy in everything you do. Every job, relationship, home.... it's our responsibility to love it.

Thank you. Have a nice day. Over to Sakshi ma'am.

Hello friends, the thought for the day is- 'When you blame others for what happens with you, you give up the power to change'

When you think of the word 'responsibility', what comes to your mind? Getting your school assignments done on time? Helping your family with the daily chores? Watching out for your little brother or sister? Responsibility definitely means all this but it means something more. It is also about looking inside yourself and doing all you can do to be the best person possible. And trying to see what you can do to help others. In short when you practice responsibility, you're on your way to making your life the very best it can be! Thank you.

Once a lady had three sons. She gave a small plant to each one of them to take care. The first son kept it under a tree thinking that it will grow on its own. The second son tried to plant it but when he faced difficulties like he had to dig deep and water it every day he did not want to change himself so he left it alone. The third son acted responsibly. He planted it well, watered it before he had his own food, nurtured it with love and took good care of it. The plant started blooming and giving beautiful flowers. That's what being responsible is. Thank you.

To be responsible we must-

Make good choices

Complete all tasks on time

Never blame others for what happens with you

Help others

Never back bite

Be polite and humble

Thank you
