

Principal's Message

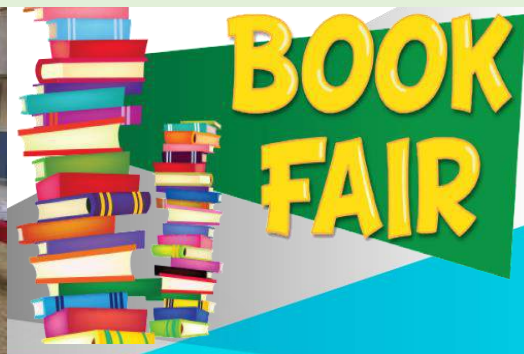

"Children with Dreams Become adults with Vision"

Learning opportunities at BBPS Jharli are planned and executed to instill academic and leadership competencies as well as prepare our students to accept all challenges. Most importantly, our students are taught to not let imposed prejudices, stop them from dreaming big but participate in all the opportunities that encourage them to lead, compete and win. Hosting The CBSE – Athletic Meet (Cluster XV) was one such decision. During this 4-day event students and teachers have learnt to stretch the limit to accomplish the task at hand. Working in a team and as a team needs a lot of individual sacrifices which we all have learnt from this mega sporting event. At this form I would also like to congratulate Hitesh of class 8 and all the members of 400 m relay race (boys) for winning medals and bringing laurels to the school. Looking for more such success in such events in the future.

Reading is essential for those who want to rise above the ordinary

To inculcate a good reading habit and create love for books in our students BBPS, Jharli had put up the Scholastic Book Fair for 3 days in the school premises from 3rd to 5th Nov'22. The students of all the classes were given a chance to browse through the variety of books available. This gave them a chance to decide for themselves also. Later the students could buy their favourite books with their parents on the PTM day. Our dear parents genuinely supported their wards to be avid readers as the book fair was a grand success and was appreciated by all.
